

Social Skills Therapy Groups

CARLA VENTRESCA AND HENRY BECKETT

*Girls' Classes

Ages 9-16

*Guys' Groups

Ages 7-18

**We understand the binary labels, "Girls" and "Guys", is problematic; at the same time, those labels help communicate the differences in tone or "feel" of the respective groups. Participants may select the category that most closely fits their needs.*

SCHOOL YEAR: October through May

SUMMER: June through August

We provide positive peer interactions and social skill building to grow self-confidence, self-esteem, and connection.

- *Does your child want to make friends but struggles to do so?*
- *Does your child make friends but have trouble keeping them?*
- *Does your child "march to the beat of his or her own drum?"*
- *Is your child socially anxious?*

Small Print:

Evaluation and group sessions are covered by most **Medicaid** programs and typically **insurance reimbursable** as "out of network" with private insurers. ***Please note:** these groups are NOT appropriate for children who struggle with physical aggression, running away, or who have significant verbal delays.
